VOL. 37 No. 52

WWW.SUNSENTINEL.COM/SUNRISE

ON THE SPOT

DR. IVAN AYALA CARDIOLOGIST

What is your New Year's resolution?

From the personal aspect, I hope I can improve my handicap in golf. And from the professional aspect, my resolution is to continue to grow business here at the Imaging Center of West Broward. I work full time and continue to provide the high level of care.

Do you usually have a resolution?

I try to. I'm in good fiscal shape, thank God, so I don't have to work too hard at (the professional goal), but the golf game is a hard one to master.

How often do you play golf?

Weekends mostly. Since we started the center here, I've been quite busy during the week, so it's hard to play more than the weekend. But there's not too much you can do about that. The center is important to all of us. We're quite excited about the progress.

When did the center open?

The center opened under a new structure less than a year ago, so everybody's excited that it keeps growing.

What is your New Year's resolution?

To stop spending so much money on clothes and shoes.

INSURANCE AGENT

GLORIA FEINSTEIN, OFFICE MANAGER
PHYLLIS GILBERT, RETIRED TEACHER

Volunteering to make a difference.

To try and accept the things I can't change.
